Mining and Aggregates

For over four decades, Schneider Downs has helped our clients in the coal and aggregates industry navigate complex accounting, tax, regulatory and business needs.

Whether you have recently started operating within this industry or have been producing for decades, our team of seasoned professionals are here to help solve the challenges your business encounters.

Our clients range from family-owned businesses to those backed by private equity and venture capital, with operations spanning local to international markets. They extract and sell a variety of materials, including anthracite and bituminous coal, limestone, coke, ash, silt, sand, silica, salt and other aggregates.
