

LumenFI

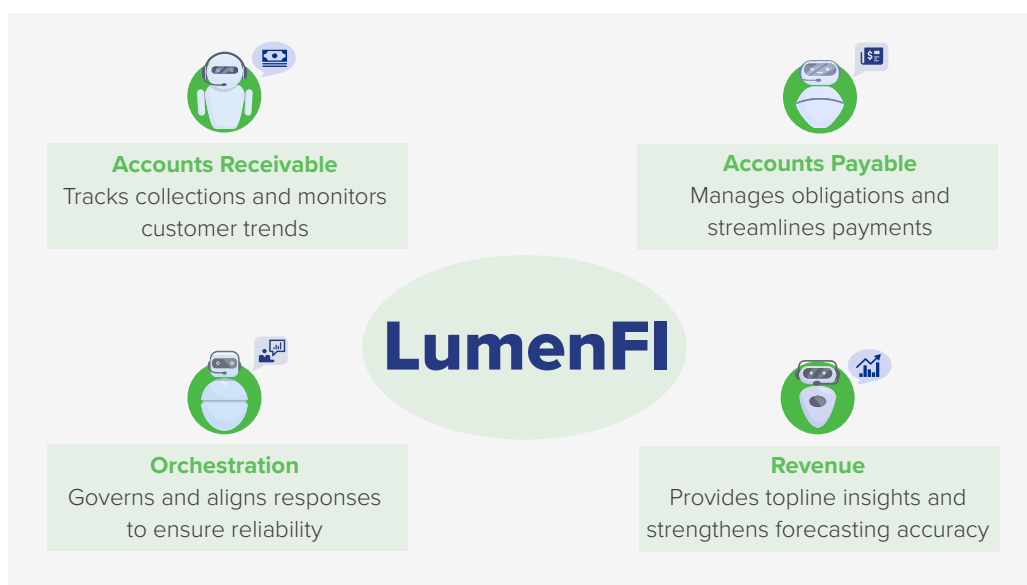

Go from data to decisions in seconds with our AI powered digital finance companion. Every CFO knows the pain of traditional reporting. Decisions slow, spreadsheets pile up, reports take weeks, and uncertainty grows. Leaders are left reacting instead of guiding strategy.

LumenFI changes that, bringing clarity to financial data and illuminating insights that drive confident, data-driven action. Results are delivered in minutes, fully governed, and seamlessly integrated into the Microsoft platform.

With trusted insights, finance leaders stop chasing numbers and start leading with confidence. Delays give way to real-time visibility. Complex data becomes simple, reliable, and actionable. Finance teams spend less time producing reports and more time driving growth. The result? A finance function with confidence, agility, and a true competitive advantage.

Your Finance Team, Reimagined with AI

With LumenFI, businesses gain the power of an AI-driven finance team that delivers fast, accurate, and expert insight across every critical area of finance, including:

Always on and accurate, LumenFI turns data into foresight, giving leaders the confidence to drive strategy and measurable impact.

The Benefits of AI-Powered Finance

LumenFI turns complex data into actionable insights that help finance leaders move faster, work smarter, and lead with confidence. This strengthens every aspect of reporting and decision-making, including:

 **Collaboration:** Faster alignment with Teams and 365 Copilot integration

 **Data Foundation:** Stronger, cleaner base for long-term growth

 **Flexibility:** Outputs in Excel, Teams, email, or board-ready visuals

 **Insights:** Real-time, accurate, governed, and secure

 **Queries:** Immediate answers through natural language prompts

 **Workload Reduction:** Fewer ad hoc requests, lighter reporting backlog
